

Hong Kong, October 25, 2011 - NetDimensions (London Stock Exchange AIM: NETD), a global provider of performance, knowledge and [learning solutions](#) and Kaplan Learning Technologies, a leader in collaborative eLearning solutions, announced today that they will join forces as part of NetDimensions' global reseller network. Kaplan Learning Technologies is now a certified reseller of NetDimensions' award-winning learning, performance, and talent management products.

“NetDimensions and Kaplan Learning Technologies share a common goal,” said Jay Shaw, Managing Director and CEO of NetDimensions.

“We both aim to deliver truly global solutions to multinational companies, government agencies and organizations around the world. Our learning and performance solutions are designed to support a multilingual, global and mobile 21st century workforce with varying preferences in terms of accessing learning content and performance support through a reliable and secure platform.”

Kaplan Learning Technologies provides software products that enable companies to develop and deploy corporate training and performance-based testing worldwide.

“The collaboration between NetDimensions and Kaplan Learning Technologies will enable companies to implement effective training programs from end to end,” added Kaplan Learning Technologies President, Brian Sholly. “We are excited that this provides enterprises across the globe with the ability to both author and deliver training content by employing our collaborative server-based authoring platforms and NetDimensions' [learning management systems](#).”
